Sweepstakes

Judge: Ms. Janelle Romond

I, with my mother, Betty Rosen, have raised many champion Scottish Deerhounds and Irish Wolfhounds under the kennel name Salutory. We were blessed to have the foundation of the breeds originate from Gayle Bontecou (Gayleward) and Sam Ewing III (Eagle).

After active showing as a teen, I worked for outstanding professional handlers: Bobby Barlow, Ted Young Jr, and Johnny Paluga. Working with Elliott Weiss had a profound effect of teaching me showmanship, animal husbandry, and details of preparing each individual dog for the ring. I have been fortunate to have made many lifetime friends in the dog world, some dating back to Junior Showmanship years!

My professional career as an Advance Practice Psychiatric nurse in the Veterans Administration and my family have become priority, so I don't have time to show much anymore. I still have two Irish Wolfhounds and a German Shepherd with my husband. I am also interested in Psychiatric service dogs, search and rescue work, and Schutzhund.

Obedience Trial Classes.

Ring 2

Judge: Janet Lewis

Janet Lewis taught for 37 years at Juniata College. Philosophy and Writing. She still teaches classes in Logic every year. In addition to being an AKC judge of tracking, rally and obedience, she has exhibited her own dogs in obedience, tracking, rally and occasionally even in agility, since the early 1970's. Her current Border Collie is working on an OTCH and a TDX. As a judge the thing she enjoys most is seeing teams having fun in her ring. "All my dogs love obedience," she says, "and there's no reason any dog would not have a good time. No dog, no matter what breed, is born thinking obedience is 'boring' or that rally is 'too hard'. It's the trainers that give their dogs perspective in the ring. I love seeing a dog (and trainer) who WANTS to get into that ring; who are SO proud of what they're doing. Sure everybody gets nervous... but there's always chocolate (and a little nip of something or other) for the trainer, and really good treats for the dog.

The Standard of Excellence for the Irish Wolfhound

General Appearance -- Of great size and commanding appearance, the Irish Wolfhound is remarkable in combining power and swiftness with keen sight. The largest and tallest of the galloping hounds, in general type he is a rough-coated, Greyhound-like breed; very muscular, strong though gracefully built; movements easy and active; head and neck carried high, the tail carried with an upward sweep with a slight curve towards the extremity. The minimum height and weight of dogs should be 32 inches and 120 pounds; of bitches, 30 inches and 105 pounds, these to apply only to hounds over 18 months. Anything below this should be debarred from competition. Great size, including height at shoulder and proportionate length of body, is the desideratum to be aimed at, and it is desired to firmly establish a race that shall average from 32 to 34 inches in dogs, showing the requisite power, activity, courage and symmetry.

Head -- Long, the frontal bones of the forehead very slightly raised and very little indentation between the eyes. Skull, not too broad. Muzzle, long and moderately pointed. Ears, small and Greyhound-like in carriage.

Neck -- Rather long, very strong and muscular, well arched, without dewlap or loose skin about the throat.

Chest -- Very deep. Breast, wide. Back -- Rather long than short. Loins arched. Tail -- Long and slightly curved, of moderate thickness, and well covered with hair.

Belly -- Well drawn up.

Forequarters -- Shoulder, muscular, giving breadth of chest, set sloping. Elbows well under, neither turned inwards nor outwards. Leg -- forearm muscular, and the whole leg strong and quite straight.

Hindquarters -- Muscular thighs and second thigh long and strong as in the Greyhound, and hocks well let down and turning neither in nor out.

Feet -- Moderately large and round, neither turned inwards nor outwards. Toes, well arched and closed. Nails, very strong and curved.

Hair -- Rough and hard on body, legs and head; especially wiry and long over eyes and under jaw.

Color and Markings -- The recognized colors are gray, brindle, red, black, pure white, fawn, or any color that appears in the Deerhound.

Faults -- Too light or heavy a head, too highly arched frontal bone; large ears and hanging flat to the face; short neck; full dewlap; too narrow or too broad a chest; sunken or hollow or quite straight back; bent forelegs; overbent fetlocks; twisted feet; spreading toes; too curly a tail; weak hindquarters and a general want of muscle; too short in body; lips or nose liver-colored or lacking pigmentation
